

Tuto: Printing on fabric with LEGO Dots:

Supplies:

- Box with Lego Dots and Lego plates
- Fabric paint
- Roller or brush
- Discarded textiles to print on

Steps:

1. Create a motif with the Lego Dots on a Lego plate. This will be your stamp.

2. Apply fabric paint to the stamp with a brush or roller.

3. Place your fabric upside down on top of the stamp and gently rub the fabric so that the paint is printed onto it. Carefully remove the stamp.
4. After the paint is dry, fix it by ironing on the back of the fabric.
